

Originator	Item Approve Purchase - Bituminous Patch Material
Agenda Section	Date 5/5/2014

Description

Council is requested to approve the purchase of Bituminous Patch Material with Commercial Asphalt Co. under the State of Minnesota Contract #55629. The material will be used by the City for street repair. The request is for 2100 tons of MNDOT SPEC 2231.2A at a cost of \$55.55/ton for a cost of \$116,655.00.

In 2013, the City estimated the need for 1,770 tons of bituminous patch material at a unit cost of \$58.20 plus tax (actual use was slightly less) and in 2012 it was estimated that 2,000 tons of patch material at a unit cost of \$48.75 plus tax would be needed. Expenditures in 2012 were significantly less than estimated due to the amount of material actually used.

Funding for the purchase of the material is budgeted in the 2014 Street Maintenance Budget, Activity 7622. Expenditures for bituminous patch material during 2012 were \$48,119.09 and 2013 were \$90,194.03. Please note that expenditures prior to 2014 included Minnesota State Sales Tax.

Requested Action

Approve the purchase of 2100 tons of bituminous patch material from Commercial Asphalt Co. under State of Minnesota Contract #55629 for a total cost of \$116,655.00.
